EXAMINER'S AMENDMENT

1. An Examiner's Amendment to the record appears below.

Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R.

1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

In the Drawing:

In Fig. 2, the phase structure 51 (NPS1), the label "bj" has been changed to --hj-- according to specification, sections 0034 and 0035.

2. Authorization for this Examiner's Amendment was given in a telephone interview with Mr. Dicran Halajian on March 4, 2009.

Allowable Subject Matter

3. Claims 1 and 3-10 are allowable over prior art.

4. The following is an Examiner's statement of reasons for the indication of allowable subject matter based on the amendment filed on 2/11/2009:

As in claim 1, the prior art of record fails to teach or fairly suggest an optical compensator having the following features:

(a) the annular areas of the first optical element are stepped by a step height of h_j and the annular areas of the second optical element are stepped by a step height of b_j and wherein the first optical element is arranged such that, for each said annular area, the step height h_j is substantially equal to:

$$h_j = m_j * \lambda / (n_1 - 1)$$

where m_j is an integer, λ the wavelength and n_1 is the refractive index of the material from which the first optical element is made, and

(b) the second optical element is arranged such that, for each said annular area, the step height b_j is substantially

$$b_j = q_j * \lambda / (n_2 - 1)$$

where q_j is an integer, λ the wavelength and n_2 the refractive

Art Unit: 2627

index of the material of which the second optical element is made.

The features indicated above, in combination with the other elements of the claims, are not anticipated by, nor made obvious over, the prior art of record.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2627
